LOBSTER PONDS HAVEN

The Giant Freshwater Lobster, *Astacopsis gouldi*, is the largest freshwater crayfish in the world and is endemic to Northern Tasmania. Living in tannin coloured waters in secret hideaways, this now endangered species is usually hidden from sight. When visiting the beautiful North West area of Tasmania we invite you to come and visit and see these large and unique creatures.

Street Address

241 Robin Hill Road
FLOWERDALE, Tasmania 7325

Open

Thursday to Sunday 10.00am - 3.00pm

Closed: Christmas Day to New Year and Good Friday and all other Public Holidays, please check prior to visiting.

Features

Facilities

The Lobster Ponds Haven offers a unique experience of seeing these extraordinary creatures in a natural habitat. While strolling through our native gardens you may be fortunate to spot a lobster or two in the ponds. Listen for the frog calls and songs of the native birds as you take time to enjoy the peaceful environment.

Situated at Flowerdale just 10 minutes from Wynyard, the Lobster Ponds Haven is enhanced by our Cafe. As you relax and enjoy a quiet cuppa or light home style refreshments, take in the beautiful views overlooking the picturesque neighbouring farms and Flowerdale countryside.

A current project under construction is an exhibition aviary to house the critically endangered Orange bellied parrot and native finches.

The Lobster Ponds Haven and Cafe offers you a unique experience of meeting these extraordinary endangered creatures in their natural habitat, therefore there are no lobsters on our menu.

Costs

Adults \$10 Concession \$8 Children 12 and under Free
