WRIGHTSAIR: THE LAKE EYRE SCENIC FLIGHT SPECIALIST

Have an unbeatable experience exploring the Outback, its deserts and natural beauty at realistic prices! Wrightsair is committed to providing you with both quality service and safety both on the ground and in the air. Flights depart from William Creek in Outback South Australia, east of Coober Pedy. Full commentaries are given to passengers on each flight by our experienced commercial pilots. Our specialty flights include tours over: The Anna Creek Painted Hills; Lake Eyre and Aboriginal Art Tours. Lake Eyre (Aboriginal name: *Kati Thanda*) is Australia's largest inland lake. It's incredible colours and patterns become accentuated from the air whether full of water or totally dry. Enjoy the visual extremities of Lake Eyre on a totally captivating flight that will return you both visually impacted and educationally enriched. When the lake is 80% full of water, there are up to 85 different varieties of bird life and millions of birds to look at. The only way to get the full impact is from the air.

The 'Anna Creek Painted Hills' are a spectacular and recently discovered section of the pristine Breakaways country in the far north of South Australia. Rocky outcrops of large & small coloured hills emerge suddenly out of a flat, desert landscape deep inside the world's largest cattle station, Anna Creek. The hills take on different moods during the day, just like the changing colours of Uluru. No roads exist in this area so these stunning hills can only be viewed from the air.

Wrightsair is a division of L.A. & A.M. Matthews Pty Ltd & is part of 'Accredited Tourism Business Australia'.
