

BEACONSFIELD MINE & HERITAGE CENTRE

The site of the dramatic mine rescue in 2006 where two miners walked free after a fortnight underground and one miner tragically lost his life. The Centre captures the essence of life in the Tamar Valley, and takes you on a journey through the Tamar's colourful and historic past. The Beaconsfield Mine & Heritage Centre is a place where you can lose yourself in history, play with treasures from the past and embark on a historical journey. You'll be entertained by the interaction and live a different story around every corner with buttons to push, levers to pull, tunnels to crawl through and animals to search for. We like to think that our centre is a collection of experiences that allow you to enjoy and appreciate the history of Beaconsfield and the Tamar Valley. We invite you, your family and friends, to ... "come and play with our history".
